Коментары:

- * аналог – это петля, по своим параметрам соответствующая указанную как „главная“. Может быть разница в форме и длине. „1“ значит BK 001, „2“ – BK 002...

- ** петли, указанные в скобках, не соответствуют стандарту ISO5422 при нагрузках под углом (проушины слишком длинные). Полная нагрузка возможна, если тянуть автомобиль по прямой.
- *** петли для VW **Golf u Vento** (производство 92-94 года) бывают двух типов: с левой нарезкой (номер 12) или с правой нарезкой (номер 49). **Polo** 91-94m – но. 50 левая, но. 120 правая. **ОБЯЗАТЕЛЬНО ПРОВЕРЯТЬ !**
- **** петли для автомобилей **Alfa Romeo – Fiat – Lancia** бывают двух типов: ввинчиваемые (номер 42) или завинчиваемые (с закруткой) (номер 52). **ОБЯЗАТЕЛЬНО ПРОВЕРЯТЬ!**
- ***** петли для **Seat** (на одну и ту же самую модель автомобиля) встречаются двух типов: проушины номер 86 или проушины номер 14. **ОБЯЗАТЕЛЬНО ПРОВЕРЯТЬ!**
- ***** Chrysler 300 C. Могут быть два варианта: Резьба 16 мм – BK 140 , Резьба 22мм – BK 117 .

О замеченных ошибках и несоответствиях просим Вас сообщить по адресу электронной почты – info@buksirovochnye.ru

Дата выпуска каталога – 2013.10 www.buksirovochnye.ru

Explanations:

- * **analogue** – towing hook , its parameters correspond to basic requirements. It is possible difference in its shape and length. „1“ it's mean BK 001, „2“ – BK 002 etc.
- **the towing hooks, which have been mentioned in brackets, might not stand the asking strain of ISO5422 standard in case of dragging by angle, because of too long. The full working load is allowed in straight dragging only.
- *** 92-94 years produced cars **Golf and Vento** towing hook might have two kinds of threads: „left“ thread (No. 12) or „right“ thread (No. 49). **Polo** 91-94m – nr. 50 „left“ nr. 120 „right“ . IT IS NECESSARY TO CHECK IT !
- **** cars **Alfa Romeo – Fiat – Lancia** might use two kind of towing hooks: screw „in“ towing hooks (No.42) or screw „up“ towing hooks (No. 52). IT IS NECESSARY TO CHECK IT !
- ***** cars **Seat** for the same model might be two towing hooks: towing hook No.86 or towing hook No. 14. IT IS NECESSARY TO CHECK IT !
- ***** **Chrysler 300 C**. There may be two options: Thread 16mm – BK 140 , Thread 22mm – BK 117

If you notice any inadequacy, please, inform us by email info@buksirovochnye.ru
